

Mod. Fx2

Vertical double bladder tank with foam outside the bladder, 2014/68 UE PED certificate

Standard characteristics

Body Material: Carbon Steel

Manhole: Ø18"

Membrane material: Neoprene

Design pressure: 12 barg

Test Pressure: 18 barg

Maximum working pressure: 12 barg

External finish: Epoxy Primer + Polyuretanic red coat
RAL3000, Total DFT >120 µm

Capacity: From 1200 l (600x2) to 20000 l (10000x2)

Foaming charge control: With valves on different levels

Tie rods and nuts in Stainless Steel

Mixer: See dedicated page

Suitable for seismic zone level 2b UBC - PGA 0,25 g

Approvals

Optional

- > Manual pump
- > Ladder for manhole access
- > Vents control kit at mixer's height
- > Foaming charge control with visual level indicator
- > Base frame

Notes

In case of inquiry and/or order specify the following datas:

- > Tank capacity, flow rate range, mixing percentage, flow direction, mixer's flange

Available on Demand

- > Body Material: Other Material
- > Different Design Pressure
- > Capacity: 22000 (11000x2) or 24000 (12000x2)
- > Insulated tank
- > Coating: Other Painting Cycles
- > ASME Stamped
- > Designed for other seismic zone

For additional options or special versions contact FAS SpA

Vertical double bladder tank with foam outside the bladder, 2014/68 UE PED certificate

DATI DI PROGETTO	
DESIGN DATA	
NORME DI CALCOLO: DIRETTIVA "PED" ASME VIII Div.1	
CALCULATION RULES: DIRECTIVE "PED" ASME VIII Div.1	
PRESSIONE DI PROGETTO: 12 barg	
DESIGN PRESSURE: 12 barg	
PRESSIONE DI ESERCIZIO: 12 barg Max	
WORKING PRESSURE: 12 barg Max	
PRESSIONE DI PROVA: 18 barg	
TEST PRESSURE: 18 barg	
TEMPERATURA DI PROGETTO: -29°C +80°C	
DESIGN TEMPERATURE: -29°C +80°C	
EFFICIENZA GIUNTI: FONDI=1 FASCIAME=0.85	
JOINT EFFICIENCY: HEADS=1 - SHELL=0.85	
SOVRASPESSORE DI CORROSIONE: NO	
CORROSION ALLOWANCE: NO	
RAGGI X: 10%	
X RAYS: 10%	
CLASSIFICAZIONE SISMICA:	
SEISMIC CLASSIFICATION:	
ZONA 2 (ITALIA) - ZONA 2b (UBC)	
ZONE 2 (ITALY) - ZONE 2b (UBC)	
ACCELERAZIONE AL SUOLO: 0,225 g (MAX)	
GROUND ACCELERATION: 0,225 g (MAX)	

* PER INFORMAZIONI SULLE DIMENSIONI SI PREGA DI CONTATTARE L'UFFICIO TECNICO DI FAS

* FOR DIMENSIONS PLEASE CONTACT THE FAS TECHNICAL DEPARTMENT
